Dear Sir,

I hope you're having a Great Day.  
As you ask yourself probly, why should I  
help the African American Community get actual  
ownership of T.V. & Cable/Sat. T.V. Stations?

Well, do it for the mental health of the African-  
American Community. The people that feels well about  
themselves do well things. Do it for Cedric the  
Entertainer the guy on the cover of the enclosed  
Jet Magazine. Do it for our fallen on pg. 3. &  
do it for Milton Olevs Jr. pg. 19. Do it for the  
People on pg. 41. If She and He there, pg. 41 you'd  
contact they would tell you for themselves its long pass due.

Man, get us out of this concentration camp environment  
or level. If were gonna be or are Americans then we need  
our own T.V. Stations like Americans. Do it for every African  
American that ever took the oath and served Public office or Military,  
and African American Churches.

Sincerely,

Earl Kanan

P.S. Do it for the next generations  
of African Americans to come along  
after us. Do it for their mental  
health and at least they will

thanked for knowing what American is.

Do it for the little Guy or Lady, mind blown,  
all they own in a grocery cart pushing it through  
the streets of anywhere, any town U.S.A. day in  
and day out, Zombie, life going nowhere U.S.A.

Do it for all them. Do it for Africa America.  
And do it for Minuteman America so they  
can get on with their lives. And I'm sure  
God will be pleased.
